

Clamping Arm with Swiveling Hydraulic Long-Stroke Clamping Cylinder

- Infeed and outfeed sides individually controllable
- Clamping-pressure reduction through reduction valve

Automatic Cut-Off Sorting

- Measuring cut-off gripper as additional clamp while cutting
- Automatic sorting of front cuts, end pieces and finished pieces

Multiple Cuts on Front and Back Sides of the Bar (Optional)

- Up to three cuts possible on front and back sides of the bar (rectangular profile)
- Push-off brush for removal of gusset

Technical Data		KKS 463 NA
Sawblade	Ø mm	460
Drive performance	kW	5,2 resp. 9,5
Cutting speed	m/min	7-60 resp. 15-120
Single stroke length	mm	1.500
Multiple stroke length	mm	9.999
Feedrate	mm/min	0-1.000 (otional: 0-2.000)
Rapid advance/ return movement	mm/min	3.500
Machine Weight	kg	4.900
Working range	mm	153
working range Profile	mm	140x140
Working range Square	mm	140
Working range Flatmaterial	mm	250x75
Working range Roundmaterial	mm	153
Mitre range		30-90-30
Tools		HSS-Tools
